

SRIJAN DAS

PERSONAL INFORMATION

Affiliation	Indian Statistical Institute
Email	srijandas129@gmail.com
Homepage	sites.google.com/view/srijans-homepage

ACADEMIC POSITIONS

Visiting Scientist, Indian Statistical Institute, Sep 2026–present
Mentor: Utsav Choudhury

NBHM Research Fellow, Indian Statistical Institute, Sep 2020–August 2021

EDUCATION

Ph.D. in Mathematics, IISER Pune, 2021–2026
Advisor: Debargha Banerjee

Master of Mathematics, Indian Statistical Institute, Kolkata, 2018–2020
Supervisor: Ritabrata Munshi

Bachelor of Mathematics (Hons.), Indian Statistical Institute, Bangalore, 2015–2018

RESEARCH INTERESTS

Algebraic number theory, modular forms, modularity theorems, p -adic and mod p local Langlands correspondence.

Computational number theory, classification of small cyclotomic integers.

PUBLICATIONS AND PREPRINTS

Research papers and preprints

1. “On the classification of small cyclotomic integers,” joint with J. Bajpai, K. S. Kedlaya, and J. Mello. arXiv:2609.05853
2. “Towards a generalized Maeda conjecture for modular forms with quadratic nebentypus,” joint with D. Banerjee, D. Das, T. Mandal, and S. Mondal. arXiv:2605.26771.

3. “The exceptional set in Cassels’s theorem on small cyclotomic integers,” joint with J. Bajpai, K. S. Kedlaya, N. H. Le, M. Lee, A. Leudière, and J. Mello. To appear in *Journal für die reine und angewandte Mathematik (Crelle’s Journal)*. arXiv:2510.20435.
4. “A note on extensions of p -adic representations of $GL_2(\mathbb{Q}_p)$ ” joint with D. Banerjee. To appear in *Canadian Mathematical Bulletin*. DOI: 10.4153/S0008439526102021.

Work in Progress

5. “Locally algebraic lattices for inner forms of GL_2 : explicit construction and multiplicity one in mod p cohomology,” joint with D. Banerjee and K. Sampath.

RESEARCH AND EXPOSITORY TALKS

Research talk at the conference *Recent Trends in Number Theory* at IISER Pune, January 2026.

Research talk at the Mathematics Departmental Symposium at IISER Pune, August 2025.

Series of expository talks at IISER Pune on *mod p local Langlands correspondence for $GL_2(\mathbb{Q}_p)$* , July–August 2024.

Two expository talks on *p -adic numbers* at the workshop *Recent Trends in Number Theory* at IISER Pune, November 2023.

ACADEMIC ACHIEVEMENTS AND AWARDS

Awarded Prime Minister’s Research Fellowship (PMRF), September 2022.

Awarded National Board for Higher Mathematics (NBHM) Doctoral Scholarship, 2020 and 2021 cycles.

Qualified for Graduate Aptitude Test in Engineering (GATE), 2021.

Qualified for Council of Scientific and Industrial Research National Eligibility Test (CSIR NET), December 2020.

Awarded Summer Research Fellowship at the Institute of Mathematical Sciences (IMSc), May–July 2018.

Awarded Institute Scholarship for pursuing B.Math and M.Math at ISI.

CONFERENCES AND WORKSHOPS ATTENDED

The Australian Direction – A Conference Honoring the Mathematical Contributions of Matt Emerton and Mark Kisin, University of Utah, August 2026

Indo-European Conference on Mathematics, IISER Pune and Savitribai Phule Pune University, January 2026
